Welcome to the Survey!

You are being asked to participate in the study titled "Henry Ford Neurology Residents' Experience During The COVID-19 Pandemic". The objective/purpose of this study is to investigate the impact of the COVID-19 pandemic on our Neurology residents' wellness, education and clinical experience.

The following anonymous survey contains questions pertaining to four categories: 1) your experience with residents' physical/emotional well-being amidst the pandemic, 2) your assessment of resident medical education during the pandemic, and 3) your opinion on resident redeployment to COVID-19 units.

This survey is completely anonymous and confidential. The study investigators will not be able to trace answers back to the respondents. Your participation is entirely voluntary. The information collected from your answers will solely be utilized for the purpose of research and will not be used in any other way; the decision to decline or discontinue study participation will not affect employment. Completion of the surveys implies consent to participate in the study.

Estimated time for completion: 3-4 minutes

* 1. Do you consent to participate in this survey?
   
   ☐ Yes
   ☐ No
Faculty Profile

* 2. Are you a full-time employee?
   - Yes
   - No

* 3. How many years have you been in practice?
   - 1-3 years
   - 4-10 years
   - 11-20 years
   - >20 years

* 4. What is your subspecialty training? (choose all that apply)
   - Behavioral Neurology
   - Epilepsy
   - General Neurology
   - Headache and Facial Pain
   - Movement Disorders
   - Multiple Sclerosis/Autoimmune
   - Neuromuscular
   - Neuro-Oncology
   - Neuro-Ophthalmology
   - Neurocritical Care
   - Pediatric Neurology
   - Vascular Neurology
   - Neurointerventional

* 5. Do you routinely interact with residents?
   - Yes
   - No
6. In what capacity do you routinely interact with residents? (Choose all that apply)

- [ ] Mentorship
- [ ] Direct supervision in outpatient setting
- [ ] Direct supervision in inpatient setting
- [ ] Didactics
- [ ] Research
- [ ] None

7. Have you significantly interacted with residents during the pandemic?

[ ] Yes
[ ] No

8. In what capacity have you interacted with residents during the pandemic? (Choose all that apply)

- [ ] Mentorship
- [ ] Direct supervision in outpatient setting
- [ ] Direct supervision in inpatient setting
- [ ] Didactics
- [ ] Research
- [ ] None
Resident Wellness

* 9. Have you witnessed emotional distress in residents?
   - Yes
   - No

* 10. Have residents reached out to you for emotional/mental support related to the pandemic?
   - Yes
   - No

* 11. How prepared did you feel in providing the residents emotional support?
   - Very prepared
   - Somewhat prepared
   - Somewhat unprepared
   - Not prepared at all
   - Cannot comment - I did not provide emotional support
Resident Medical Education

* 12. How satisfied are you with the didactics the residents have received during the pandemic?
   - Very satisfied
   - Satisfied
   - Neither satisfied nor dissatisfied
   - Dissatisfied
   - Very dissatisfied

* 13. How satisfied are you with your personal contribution to resident education and mentorship during the pandemic?
   - Very satisfied
   - Satisfied
   - Neither satisfied nor dissatisfied
   - Dissatisfied
   - Very dissatisfied
   - Cannot comment - I did not contribute

* 14. Did you participate in giving virtual lectures to residents during the pandemic?
   - Yes
   - No

* 15. How satisfied are you with the audio/visual quality of the virtual lectures you gave during the pandemic?
   - Very satisfied
   - Satisfied
   - Neither satisfied nor dissatisfied
   - Dissatisfied
   - Very dissatisfied
   - Cannot comment - I did not give virtual lectures
* 16. How interested would you be to continue giving certain teaching opportunities virtually after the pandemic resolves?
   - Extremely interested- it is essential
   - Very interested- it is helpful but not essential
   - Somewhat interested
   - Not so interested- it has limited usefulness
   - Not at all interested- it is useless

* 17. In your opinion, what kind of impact has the pandemic had on resident's education?
   - Positive
   - Negative
   - Neutral

* 18. In what **positive** ways has the pandemic contributed to resident experience? (Choose all that apply)
   - Increased maturity level
   - Solidarity/teamwork
   - Greater clinical competence
   - Expanded medical knowledge/skills
   - Heightened assertiveness
   - Enhanced empathy
   - Increased productivity
   - None
19. In what negative ways has the pandemic contributed to resident experience? (Choose all that apply)

- Increased stress level
- Fatigue
- Fear/anxiety
- Decreased sleep
- Decreased self confidence
- Feeling overwhelmed
- Hopelessness
- Decreased productivity
- None
Resident Redeployment

* 20. Do you think that Neurology residents redeployment to COVID-19 units was appropriate?
   - Strongly agree
   - Agree
   - Neither agree nor disagree
   - Disagree
   - Strongly disagree

* 21. How satisfied are you with the communication related to redeployment strategies you have received from administration and program directors?
   - Very satisfied
   - Satisfied
   - Neither satisfied nor dissatisfied
   - Dissatisfied
   - Very dissatisfied

* 22. Do you think that redeployment has interfered significantly with resident education?
   - A great deal
   - A lot
   - Moderately
   - A little
   - Not at all
End of survey

23. Please provide us with any additional comments or concerns.
