BMJ Neurology Open is an online, peer-reviewed, open access journal, dedicated to publishing research in all areas of clinical neurology and neuroscience. This journal is particularly interested in addressing common diseases and their treatment, or illuminating mechanisms of disease or modes of action of treatments, whether related to their efficacy or their complications. *BMJ Neurology Open* is also interested in clinical neurology implementation studies which look at how neurological advances can be brought to the patients who need them.

BMJ Neurology Open is the open access companion journal to JNNP and co-owned by the Australian and New Zealand Association of Neurologists (ANZAN).
